Electric Forklift

Rules & Information

Warranty Information

Rebate qualifications do not imply any representation or warranty of such equipment, design or installation by the cooperative. The cooperative shall not be responsible or liable for any personal injury or property damage caused by this equipment. The cooperative does not guarantee that a specific level of energy or cost savings will result from the implementation of energy conservation measures or the use of products funded under this program. In no event shall the cooperative be liable for any incidental or consequential damages.

General Rebate Program Rules

1. A contract or lease must be complete before funds are issued.
2. Members and vendors must submit a copy of the contract or lease, rebate application, and manufacturer equipment specifications.
3. This program is intended to be customizable to fit the needs of the business Member, forklift dealer, and cooperative. A cooperative representative must be involved with the project before the contract is signed to be eligible for this program.
4. Project must comply with all program specific rules and qualifications.
5. The member is responsible for checking with the cooperative to determine funding availability and to verify program parameters.

Electric Forklift

This program rebates short-term electric forklift leases that replace an internal combustion engine forklift. Qualifying electric forklifts must be operated a minimum of 40 hours per week. The program can be used in conjunction with the ETS charging rate and ReVolt renewable energy, but is not required.
